PETITION

Honorable Commissioner For Patents
Washington, D.C. 20231

Sir:

For some reason unknown to Applicants, examination of the above-identified application seems to have stopped, and accordingly, Applicants hereby petition the Commissioner to direct the Examiner to immediately issue a new Office Action to replace a defective Office Action. The facts related to this petition are as follows:

- (1) The Examiner issued an Office Action dated August 14, 2002.

However, the Office Action was defective in that several claims (Claims 24-27) were neither acknowledged nor examined by the Examiner.

- (2) In telephone conversations between the Examiner and the undersigned, the Examiner agreed to issue a new Office Action to replace the

defective Office Action. However, when no new Office Action was ever received, the undersigned filed a Status Check dated November 19, 2002. A copy of the Status Check is attached. (ATTACHMENT "A").

- (3) The undersigned followed up the Status Check with another telephone call to the Examiner. At the request of the undersigned, the Examiner issued an Interview Summary dated November 20, 2002, a copy of which is attached. (ATTACHMENT "B"). The Interview Summary confirms that a new Office Action would be issued.
- (4) Having still not received a new Office Action, the undersigned filed a Second Status Check on January 14, 2003, together with a copy of the first Status Check. A copy of the Second Status Check is attached. (ATTACHMENT "C"). As with the first Status Check, the Second Status Check specifically asks the Examiner when issuance of the new Office Action can be expected.
- (5) On January 16, 2003, Applicants received a response to the Second Status Check which only acknowledged that the defective Office Action of August 14, 2002, remains outstanding. A copy of the Patent Office Response is attached. (ATTACHMENT "D").

Applicants are concerned about the amount of time that has passed without issuance of the new Office Action, and it appears that the application may have

lost its place in the examination "queue" upon issuance of the defective Office Action of August 14, 2003.

Applicants are also concerned that the Patent Office may improperly considered this application abandoned when no response to the defective Office Action is filed by the non-extendable due date of February 14, 2003.

An early decision responsive to this petition would be very much appreciated.

Respectfully submitted,

TAKAAKI SASAKI
